

OT PA WORA CHRISTIAN CHURCH MINISTRY LAMWO

WORKING REPORT FOR THE YEAR 2023

THE CHURCH ACTIVITIES

- From January to October we have fifteen spiritual prayer team and bible study on every Wednesday and three times prayer team meeting together
 - Some people were raised for leadership in the church
 - Transformation of lives in agriculture and how to care for the family
 - How to handle problems with other people in the church and being transparent with each other to solve conflicts
 - How Jesus lived with his disciples, how he teaches them, why he teaches in parables,
 - Why he teaches his disciples on the kingdom of heaven and the money
- 

MINISTRY PLAN AND VISION

The vision of the ministry is

**DISCIPLESHIP AND
EMPOWERMENT**

- Evangelism
- Teaching
- Baptism
- Maturing
- The great commission
- Empowerment.

The six principles of our vision

THE BASIC NEED TO DO THE SIX PRINCIPLES

- 1. To teach the church members with the words of God and know why its importance to know the words of God**
 - 2. To change them from their traditions to Jesus culture and live like him . In love ,faith and obedience .**
 - 3. To know how much God love us and why we need his love every day**
 - 4. To make us live in good intimacy with our heavenly father**
 - 5. To know how to pray, read bible , worship in the church not in the way we copy from others but the holy spirit filling and powering**
 - 6. To learn how we can make our decision to surrender our life to Jesus willing y from our heart.**
 - 7. To teach the church the importance of baptism and what it mean to us**
 - 8. To make others grow and become mature in the church and do the great commission**
- 

SOME PICTURES FROM THE CHURCH

LEARNING CENTRE /SCHOOL

1. From first term we had 56 children and there were some drop up in the second term due to some problems of the draught and financial crisis's
 2. The performance of this children actually very good although it still need more work there are changes in their lives as well as their parents
 3. Sickness from malaria is still challenging us and we are talking to the government to help us by sending the health workers from the health centre point to have a visit to the learning centre
 4. Teaching materials also a bit challenging because the books we need are so expensive and other learning tools need much money ,classes and educators rooms ,payment from parents also very little s and slow .
 5. There are problems of feeding especially in second term when parents are not providing enough food have .
- 

SOME CHANGES IN THE LEARNING ROOTS TO FRUITS CURRICULUM

The multigrade teaching has been adjusted for some reason

The first idea they came with was to teach the children in the village where school has not been established and children were put together of different ages and to make selection of children of their understanding so the system has been changed due to the agreement made by the ministry of education and sport in Uganda

The second thing is that there were few teachers who were trained with the curriculum and teaching was so hard but now the government of Uganda has allowed this curriculum to be used in order to provide jobs for the nation of Uganda so there could be more teachers and more classes in a year the promoted children will go to the next class and new ones will come

CLASS ROOM ERECTING FOR P.2 2024

In the management meeting there was an agreement between the learning centre and the management on behalf of the parents that the parents will make a contribution of 10000 each for the building of the class room for the children

There they requested for the payment of an educator from the ministry .

The provision of food for the children , uniform , scholastic requirements will also be provided by the parents , fire wood and others .

Payment for the two cooks will also be paid from their school fees payment every term the parents appeal that this learning centre should not die their children are changing and though this teaching it challenges even themselves that they have been mistreating their children with bad hearts but now we can work together to develop this place

LETTER OF THANKS TO PAPA AND MAMA

From the church and prayer team.

Dear elders greeting to you all in the name of our Lord Jesus Christ and peace from our heavenly father be with you forever we appreciate the good work the Lord has put in your heart for this place and the opportunity we received by the grace of our God for this salvation . Therefore we are here to say thanks for supporting our spiritual growth and encouragement for this year 2023 although we pass through many hardship in lives but still we enjoy the present of our lord within us
